(1st・281 / 2nd・278 / 3rd・298)

NUMBER OF TEACHERS: 68

SCHOOL OVERVIEW

Thank you for visiting the website of Kani Senior High School in Gifu Prefecture. We are very grateful for your invaluable understanding and support of our educational activities. We thank you very much.

This school, which was established in 1980, is the only general course high school in Kani City. We have a history of 37 years. Along with solid achievements as a leading high school in the prefecture, we have received a high reputation as a school that has trained high-quality students. The number of graduates has already exceeded 12,000, and all play an active part as promising talents in various fields.

The school, located atop a hill in the central part of Kani City, has an area of about 42,000 square meters. The number of students at our school is about 850 people.

At our school, we have high goals and are always devoting ourselves to club activities, student council activities, as well as schoolwork in order to achieve independent goals. Enthusiastic teachers push to develop human resources for the future by teaching students in an attentive way. Our school focuses on three points:

- ◇ Achieve the desired future course
- ◇ Foster polite high school students
- ◇ Focus on traffic safety education

We work on daily academic activities to achieve these three points. In the future, we will continue to inform you about the school's academic situation through this homepage. Please do not hesitate to let us know if you have any comments or suggestions.

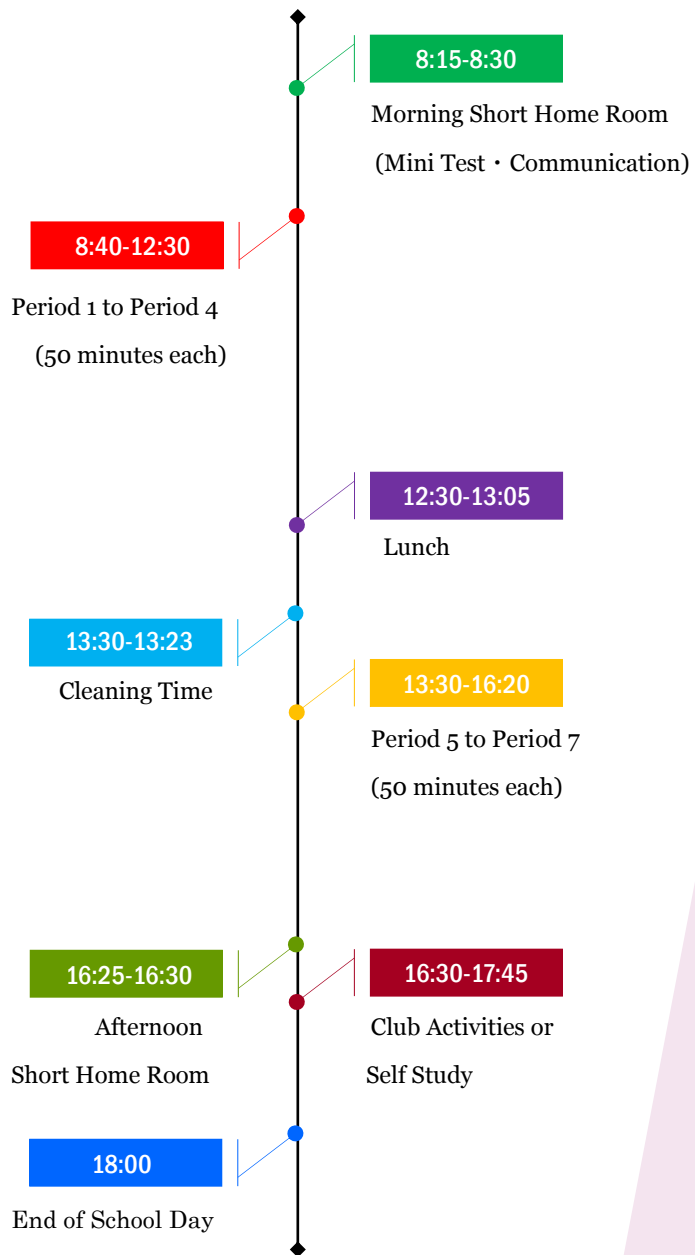

Principal Kushibe Hironari
