

School Facilities

Ikedo High School has an extensive campus of 41,261 square meters with several useful facilities. Some of these facilities include two four-story school buildings, a gymnasium, a martial arts hall, a physical training and shower room, tennis courts, a baseball field, a soccer ground, and a track and field ground.

Stone monument and cherry blossoms by main gate

Main gate

Cheering banners for the drama club and the Karate club that had won each prefectural tournament and would take part in the All Japan High School Championship

Courtyard, which has an open-air stage for school events

Tennis field in the foreground, Gymnasium on the left side of the picture, Ren-shin Kan, a Japanese-style gymnasium for martial arts on the right side of the picture

Camellia in full bloom around the school buildings in May

Winter camellia in bloom with its buds in January

Baseball field

Soccer ground

Main ground in the foreground and the second tennis field in the back

Gymnasium

A large wall mosaic made of pieces of colored marble stones by Yabashi Rokuro who was a well-known artist born in Ogaki City which borders on Ikeda Town. You can see the mosaic at the main entrance of our gymnasium. After the school was founded, the mosaic was presented in 1985 by Ogaki City, Ikeda Town, and Godo Town which is located next to Ikeda Town. The mosaic was made in hopes that students of Ikeda High School would have wide perspectives to see not only their community but also the world. Therefore, the marble stones used in the mosaic were collected from 46 countries in the world.

A marble plate stating the mosaic was presented to Ikeda High School by Ogaki, Ikeda and Godo in July, 1985.

Entrance

School office and visitors' reception across the entrance

The former championship flags and trophies surrounding the entrance

A corridor in front of a teachers' room

Woodblock prints made by all of the students at an annual school event "Woodblock Print Contest." You can see their excellent works in the hallways.

Renewed bathrooms with combination toilets and bidet
