

Special English Lesson Took Place

Second-year students (Arts) took a special lesson, inviting Mr. Luo from National Feng-Shan Senior High School in Taiwan, and Mr. Kano Mikio from Gifu Shotoku Gakuen University to class on 29 September 2023.

They showed the students a video, presenting how students in Taiwan take an English lesson and why they engage in it actively. After the lesson, English-language teachers had discussion with them on English education in both countries.

It was a valuable opportunity for both students and teachers to learn about education in a different country.
