

今回は SGH イギリス研修の事前学習についてお伝えします。

## ◇ 『イギリス講座』 6月20日(水) 15:45-16:45の様子

10月3日～10月9日までの7日間、イギリスのイングランドで研修を行う1・2年生の生徒30名を対象に、本校の地歴公民科の今村教諭が、『イギリス講座』と題して講義を行いました。講義は、イギリスの地理・歴史・文化という三つの側面から、生徒たちにとって、必要と思われる様々な情報をスライドや資料を交えながら、説明がありました。また、途中ペアで話し合ったり、それを全体で交流したりする場も何度かありました。

講座終了後には、学んだことを振り返って、以下の2点から英語で考えを書く時間を設けました。

① What was new to you through this lecture?

② What more do you want to know about England?

以下は生徒の振り返りです。

- I learned about British Culture today. For example, many British people keep to the regulations, which seems that there is similarity between us. But, the weather of England is much colder than that of Gifu. I think I want to learn about England more!! I also want to speak English well. So I will STUDY HARD!!
- Today's lecture was interesting! I have two reasons. First, I was able to know about various aspects of the U.K. I learned that for British people following their manners was important. Therefore, I want to obey their rules. I'm also interested in British music. I would like to listen to, especially, Rock music in the U.K. Second, today's teacher is excellent! *Thank you, Mr. Imamura!*
- I was surprised to know why British meals were said to be not delicious. The U.K. had developed in the world, so it relied on its colonies a lot. As a result, various cultures in the globe brought to the country, and these cultures connect with the U.K.'s economy as well. I would like to know more about England to gain the knowledge/topics in order to talk with Haydon High School students and my host family.
