To the Principals of new ASPnet
member schools in Japan

Ref: ED/PSD/ASP/18/95

27 July 2018

Subject: Participation in the UNESCO Associated Schools Network
(ASPnet)

Dear Madam, dear Sir,

I am pleased to inform you that your institution has been admitted as a member to the worldwide UNESCO Associated Schools Network (ASPnet). You will soon be receiving from your National Coordinator a certificate of membership signed by the Director-General of UNESCO.

By joining the ASPnet, you and your school community have taken an important decision. You have committed to promoting UNESCO's ideals and reinforcing the humanistic, cultural and international dimensions of education through innovative teaching and learning approaches and practices in your school. UNESCO and your ASPnet National Coordinator will provide technical guidance and support to your work, assist you in communicating and collaborating with other ASPnet schools and diffuse good practices and the results of your and other schools' work.

Please find attached herewith for your consideration the "ASPnet Strategy 2014-2021 – A network of schools addressing global challenges". The Strategy focuses on building Global Citizenship and promoting Sustainable Development. You will find more information, documents and resources concerning ASPnet on UNESCO's Website: <https://aspnet.unesco.org/en-us>.

Your institution is now included in UNESCO's ASPnet directory, accessible through the above Website and the Online Tool for ASPnet (OTA). In the coming weeks, you will be able to connect to OTA, which will facilitate the exchange among all ASPnet actors worldwide.

.../.

Kindly note that you are requested to report on your activities to your ASPnet National Coordinator once a year.

It is with pleasure that I count your institution amongst the schools participating in the ASPnet and I look forward to learning about your activities.

Yours sincerely,

Sabine Detzel
International Coordinator
Unit for the Associated Schools
Network (ASPnet)
